

June 18, 2007
U.S. 101 Widening Project, Santa Rosa

Widening Work, Traffic Impacts, Openings, and Closures

- Crews are building soundwalls and retaining walls along the southbound side of the freeway. Some nighttime ramp closures are necessary during this construction.
- Farmers Lane is a Caltrans staging area. There are currently no active plans to extend eastbound S.R. 12.

Santa Rosa Creek and Fourth Street Viaduct

- Work at the Prince Memorial Greenway continues as crews build a work trestle over Santa Rosa Creek and prepare for bridge demolition.
- The Greenway is closed through October 2007 for bridge construction.
- Fourth Street Viaduct work includes continued approach slab work.

Sixth and Ninth Streets

- Sixth Street work includes shoring and excavating the soil. Large trucks will be used on the western side of the freeway as soil is removed from Sixth Street.
- At Ninth Street, rebar work continues. A concrete pour and the necessary concrete curing period will follow.
 - Ninth Street remains open to bicycle and pedestrian traffic.

College Avenue and Steele Lane

- At College Avenue, crews continue with deck rebar work, then pouring and curing concrete. Crews will close the College undercrossing and lower the new bridge overnight Wednesday, July 25 and reopen College undercrossing Thursday, July 26.
- At Steele Lane this week, crews will form footings, and install rebar.
- Pile driving for the new northbound bridge should begin around Saturday, June 23 and run at least a week. **Pile driving will be noisy work.**

Other

- Crews will not work on the U.S. 101 widening project on Wednesday, July 4.
- Demolition work at the Railroad Overhead and Olive Avenue has been postponed.
- Throughout the life of the project, either lane in both the northbound and/or southbound direction of U.S. 101 will temporarily close as needed, from 10:00pm to 5:00am between State Route 12 and Steele Lane.
